※4.It cannot be installed Toyota Genuine Accessory Rear Spoiler after installing Modellista Back Door Aero Garnish.

※5.Price of nuts, center caps, valves, and dedicated pattern key are included.

※6.Not included wheel nuts, so please use standard equipped wheel nuts.

▲ Drilling to the body/bumper or resin product will be required when installing.

<Handling Caution>

- Please do not conduct any modification to the product or it may cause a serious accident or damage.

-Modellista parts cannot be combined with "Toyota genuine parts" and "TRD parts" in principle.

-When towing the vehicle with a front spoiler, the front spoiler may be deformed.

<Aero Parts>

-When installing aero parts, the clearance with the road surface becomes narrow, and it becomes easy to interfere with curb bump or slopes on road. Also, aero parts may be damaged under snows or freezes.

-Aero parts are made of resin (ABS/PPE/PP). This material is weak to impact in general. Especially, be careful when it is extremely cold.

-Painted parts may not have the exact same paint color as the standard vehicle.

<Alloy Wheel & Tire Set>

-Please be noted that installation of "Alloy Wheel & Tire Set" or "Alloy Wheel Set" may increase the driving sound or lower the draining level during rain and grip during snowing condition. Also driving comfortability or steering stability may differ from standard vehicle. Tires may wear faster compared to standard tires. Tire chain may not be applicable.

-When installing "Alloy Wheel & Tire Set" or "Alloy Wheel Set", please follow the above application.

-Tire may interfere or protrude if tire other than setting are installed.

-The wheel nut adapter and dedicated pattern key included with the product are required if tire puncture. So, always be keep them on the vehicle.

<Muffler Cutter/Muffler Extension>

-When installing a "Muffler Cutter" or a "Muffler Extension", the clearance with the road surface becomes narrow, and it becomes easy to interfere with curb bump or slopes on road. Also, sound quality and performance may change. It may be discolored by heat or rust on the surface due to the characteristics of the material.

-When installing a Rear Styling Kit or a "Muffler Cutter" or a "Muffler Extension", the clearance with the road surface becomes narrow, and it becomes easy to interfere with curb bump or slopes on road. Also, sound quality and performance may change. It may be discolored by heat or rust on the surface due to the characteristics of the material.
