<Handling Caution>

-Please do not conduct any modification to the product or it may cause a serious accident or damage.

-Please be noted that the garage jack may not be used at the specified position due to the installation of modellista parts.

<Aero Parts>

-When installing aero parts, the clearance with the road surface becomes narrow, and it becomes easy to interfere with curb bump or slopes on road. Also, aero parts may be damaged under snows or freezes.

-Aero parts are made of resin (ABS/PPE). These materials are weak to impact in general. Especially, be careful when it is extremely cold.

-Painted parts may not have the exact same paint color as the standard vehicle.

<Tail End Finisher>

-Tail End Finisher may be discolored by heat or rust on the surface due to the characteristics of the material.

<Alloy Wheel/Tire>

-Please be noted that Installation of "Alloy Wheel & Tire Set" may increase the driving sound or lower the draining level during rain and grip during snowing condition. Also driving comfortability or steering stability may differ from standard vehicle. Tires may wear faster compared to standard tires. Tire chain may not be applicable.

-When installing "Alloy Wheel & Tire Set", please follow the above application.

-Tire may interfere or protrude if tire other than setting are installed.

-When attaching/detaching alloy wheel, wheel nuts adopter and dedicated pattern key included with the product are required. So, always be keep them on the vehicle.
