

MODELLISTA Rolls Out Customizing Parts for All-New YARIS CROSS

August 31, 2020

August 31, 2020, TOYOTA CUSTOMIZING & DEVELOPMENT Co., Ltd. announces the launch of MODELLISTA customizing parts for all-new YARIS CROSS and the start of sales at all nationwide TOYOTA dealers in Japan.

“ADVANCE ROBUST STYLE” and “ELEGANT ICE STYLE”, setting two different styles.

In addition, “Colored Fender” further emphasizing the urban impression and sense of unity with the aero parts, “Plated Items” enhancing luxury, and newly developed 19-inch alloy wheel & tire set are available.

MODELLISTA offering the items making all-new YARIS CROSS more attractive and special.

※3. It can be use standard installed tires(205/65R16).

※4. Price of tires are not included.

⚠ Drilling to the body/bumper or resin product will be required when installing.

<Handling Caution>

- Please do not conduct any modification to the product or it may cause a serious accident or damage.

- Modellista parts cannot be combined with "Toyota genuine parts" and "GR PARTS" in principle.

- When towing the vehicle with a front spoiler, the front spoiler may be deformed.

<Aero Parts>

- When installing aero parts, the clearance with the road surface becomes narrow, and it becomes easy to interfere with curb bu mp or slopes on road. Also, aero parts may be damaged under snows or freezes.

- Aero parts are made of resin (ABS/PP/PPE). This material is weak to impact in general. Especially, be careful when it is extremely cold.

- Painted parts may not have the exact same paint color as the standard vehicle.

<Alloy Wheel & Tire Set>

- Please be noted that Installation of "Alloy Wheel & Tire Set" or "Alloy Wheel Set" may increase the driving sound or lower the draining level during rain and grip during snowing condition. Also driving comfortability or steering stability may differ from standard vehicle. Tires may wear faster compared to standard tires. Tire chain may not be applicable.

- When installing "Alloy Wheel & Tire Set" or "Alloy Wheel Set", please follow the above application.

- Tire may interfere or protrude if tire other than setting are installed. The wheel nut adapter and dedicated pattern key included with the product are required. So, always be keep them on the vehicle.
