

Notes

1. This drawing shows the instructions for installing the MODELLISTA emblem.
2. Using a degreaser, remove any oil of the adhesive surface.
3. Be careful not to touch the adhesive surface after degreasing.
4. Dry thoroughly after degreasing.
5. When using this paper pattern, make sure of the size.
6. Do not press the double-side tape from the back side, as this may cause peeling.
7. Press the surface of the component so that the pressure on the surface double-side tape (The surface in contact with the body) is 49N (5kgf). (Pressure should be applied evenly)
8. To promote adhesion, do not wash the car within 20 minutes after installation.

Installation Overview

Installing Pattern Paper
